

## Digital Technologies (internet, social media and digital devices) Policy

### Help for non-English speakers

If you need help to understand the information in this policy, please contact the principal.

### PURPOSE

To ensure that all students and members of our school community understand:

- (a) our commitment to providing students with the opportunity to benefit from digital technologies to support and enhance learning and development at school including our 1-to-1 laptop program and 1-to-2 iPad program.
- (b) expected student behaviour when using digital technologies including the internet, social media, and digital devices (including computers, laptops, tablets, iPads)
- (c) the school's commitment to promoting safe, responsible and discerning use of digital technologies, and educating students on appropriate responses to any dangers or threats to wellbeing that they may encounter when using the internet and digital technologies
- (d) our school's policies and procedures for responding to inappropriate student behaviour on digital technologies and the internet
- (e) the various Department policies on digital learning, including social media, that our school follows and implements when using digital technology
- (f) our school prioritises the safety of students whilst they are using digital technologies

### SCOPE

This policy applies to all students and staff at Mount Egerton Primary School.

Staff use of technology is also governed by the following Department policies:

- [Acceptable Use Policy for ICT Resources](#)
- [Cybersafety and Responsible Use of Digital Technologies](#)
- [Digital Learning in Schools](#) and
- [Social Media Use to Support Student Learning](#).

Staff, volunteers and school councillors also need to adhere to codes of conduct relevant to their respective roles. These codes include:

- Mount Egerton Primary School's Child safety Code of Conduct
- [The Victorian Teaching Profession Code of Conduct](#) (teaching staff)
- [Code of Conduct for Victorian Sector Employees](#) (staff)

## DEFINITIONS

For the purpose of this policy, “digital technologies” are defined as being any networks, systems, software or hardware including electronic devices and applications which allow a user to access, receive, view, record, store, communicate, copy or send any information such as text, images, audio, or video.

## POLICY

### Vision for digital technology at our school

The use of digital technologies is a mandated component of the Victorian Curriculum F-10.

Safe and appropriate use of digital technologies, including the internet, apps, computers and tablets, can provide students with rich opportunities to support learning and development in a range of ways.

Through increased access to digital technologies, students can benefit from enhanced learning that is interactive, collaborative, personalised and engaging. Digital technologies enable our students to interact with and create high quality content, resources and tools. It also enables personalised learning tailored to students’ particular needs and interests and transforms assessment, reporting and feedback, driving new forms of collaboration and communication.

Mount Egerton Primary School believes that the use of digital technologies at school allows the development of valuable skills and knowledge and prepares students to thrive in our globalised and inter-connected world. Our school’s vision is to empower students to use digital technologies to reach their personal best and fully equip them to contribute positively to society as happy, healthy young adults.

### iPads at Mount Egerton Primary School

Some classes at Mount Egerton Primary School are delivered with the use of iPads. Students have access to iPads owned by the school.

When using school iPads, students must:

- Not remove the protective case
- Handle the iPads with care and ensure no food or drink is consumed when operating an iPad.

### Safe and appropriate use of digital technologies

Digital technology, if not used appropriately, may present risks to users’ safety or wellbeing. At Mount Egerton Primary School, we are committed to educating all students to use digital technologies safely, equipping them with skills and knowledge to navigate the digital age.

At Mount Egerton Primary School, we:

- use online sites and digital tools that support students’ learning, and focus our use of digital technologies on being learning-centred
- restrict the use of digital technologies in the classroom to specific uses with targeted educational or developmental aims
- supervise and support students using digital technologies in the classroom

- effectively and responsively address any issues or incidents that have the potential to impact on the wellbeing of our students
- have programs in place to educate our students to be promoting safe, responsible and discerning use of digital technologies
- educate our students about digital issues such as online privacy, intellectual property and copyright, and the importance of maintaining their own privacy online
- actively educate and remind students of our *Student Wellbeing and Engagement* policy that outlines our school's values and expected student behaviour, including online behaviours
- have an Acceptable Use Agreement outlining the expectations of students when using digital technology at school
- use clear protocols and procedures to protect students working in online spaces, which includes reviewing the safety and appropriateness of online tools and communities, removing offensive content at earliest opportunity
- educate our students on appropriate responses to any dangers or threats to wellbeing that they may encounter when using the internet and other digital technologies
- provide a filtered internet service to block access to inappropriate content
- refer suspected illegal online acts to the relevant law enforcement authority for investigation
- support parents and carers to understand safe and responsible use of digital technologies and the strategies that can be implemented at home through regular updates in our newsletter and annual information sheets.
- do not invite or allow families to purchase or bring their own student digital devices to school
- we follow department recommendations to design teaching and learning programs consistent with the following student digital device usage times as much as practicable:  
Years F-2: Minimal use other than learning about and with digital technologies as set out in the Victorian Curriculum 2.0  
Years 3-6: Maximum of 90 minutes per day.  
Exemptions apply for students with disability using a digital device as a reasonable adjustment.

Distribution of school owned devices to students and student use of digital technologies at school will only be permitted where students and their parents/carers have completed a signed Acceptable Use Agreement. Please note very young students (prep to year 1), students with additional learning needs, or students facing language barriers, are not required to sign.

It is the responsibility of all students to protect their own password and not divulge it to another person. If a student or staff member knows or suspects an account has been used by another person, the account holder must notify a staff member, immediately.

All messages created, sent or retrieved on the school's network are the property of the school. The school reserves the right to access and monitor all messages and files on the computer system, as necessary and appropriate. Communications including text and images may be required to be disclosed to law enforcement and other third parties without the consent of the sender.

Information on supervision arrangements for students engaging in digital learning activities is available in our Yard Duty and Supervision Policy.

## Social media use

Our school follows the Department's policy on [Social Media Use to Support Learning](#) to ensure social media is used safely and appropriately in student learning and to ensure appropriate parent notification occurs or, where required, consent is sought. Where the student activity is visible to the public, it requires consent.

In accordance with the Department's policy on social media, staff will not 'friend' or 'follow' a student on a personal social media account or accept a 'friend' request from a student using a personal social media account unless it is objectively appropriate, for example where the student is also a family member of the staff.

If a staff member of our school becomes aware that a student at the school is 'following' them on a personal social media account, Department policy requires the staff member to ask the student to 'unfollow' them, and to notify the school and/or parent or carer if the student does not do so.

## Student behavioural expectations

When using digital technologies, students are expected to behave in a way that is with consistent Mount Egerton Primary School *Statement of Values, Student Wellbeing and Engagement* policy, and *Bullying Prevention* policy.

When a student acts in breach of the behaviour standards of our school community (including cyberbullying, using digital technologies to harass, threaten or intimidate, or viewing/posting/sharing of inappropriate or unlawful content), Mount Egerton Primary School will institute a staged response, consistent with our policies and the Department's *Student Engagement Policy*.

Breaches of this policy by students can result in a number of consequences which will depend on the severity of the breach and the context of the situation. This includes:

- removal of network access privileges
- removal of email privileges
- removal of internet access privileges
- removal of printing privileges
- other consequences as outlined in the school's *Student Wellbeing and Engagement* and *Bullying Prevention* policies.

## COMMUNICATION

This policy will be communicated to our school community in the following ways:

- Available publicly on our school's website
- Included in staff induction [and child safety training](#) processes
- Discussed at staff briefings/meetings as required
- Discussed at parent information nights/sessions
- Included as annual reference in school newsletter
- Made available in hard copy from the office upon request

## APPENDIX A: ACCEPTABLE USE OF DIGITAL TECHNOLOGY AGREEMENT

### Information for parents

#### Our commitment to the responsible use of digital technology

At Mount Egerton Primary School, we are committed to building a culture of respect and responsibility. We show this in the way we use technology and interact online. We teach our students about responsible digital behaviours, including how to recognise and respond to online dangers and threats. We support students to develop the digital skills they need to make a positive impact in the world. We are intentional and discerning about our integration of digital tools into the curriculum, providing rich, interactive and personalised experiences, while ensuring a balance with offline learning opportunities.

#### What we do

	<p><b>We set clear expectations</b></p> <ul style="list-style-type: none"> <li>We have clear expectations about appropriate conduct using digital technologies.</li> <li>Our <b>Mobile Phone Policy</b> <a href="https://www.mtegertonps.vic.edu.au/source/Build/mobile_phones_policy_2021.pdf">https://www.mtegertonps.vic.edu.au/source/Build/mobile_phones_policy_2021.pdf</a> outlines our school's expectations relating to students using mobile phones during school hours.</li> <li>We have clear and appropriate consequences when students breach these expectations, in line with our <b>Student Wellbeing and Engagement Policy</b> <a href="https://www.mtegertonps.vic.edu.au/source/Student%20wellbeing%20engagement%20policy%202025.pdf">https://www.mtegertonps.vic.edu.au/source/Student%20wellbeing%20engagement%20policy%202025.pdf</a></li> </ul>
	<p><b>We teach appropriate conduct</b></p> <ul style="list-style-type: none"> <li>We teach our students to be safe, intentional and responsible users of digital technologies, including age-appropriate instruction on important digital issues such as cybersafety and cyberbullying.</li> </ul>
	<p><b>We partner with families</b></p> <ul style="list-style-type: none"> <li>We work with parents and carers to understand the digital technology-related issues they are facing at home. We support them with information and tools that help.</li> </ul>
	<p><b>We provide access to technology</b></p> <ul style="list-style-type: none"> <li>We provide access to educational software for students to use. Such as Google Workspace for Education and Microsoft 365, alongside educational apps like ClickView and Minecraft Education. We create student email accounts which are non-identifiable.</li> </ul>
	<p><b>We supervise digital learning</b></p> <ul style="list-style-type: none"> <li>We supervise students using digital technologies in the classroom, consistent with our duty of care.</li> <li>We use clear protocols and procedures to protect students working in online spaces.</li> </ul>
	<p><b>We take appropriate steps to protect students</b></p> <ul style="list-style-type: none"> <li>We provide a filtered internet service to block inappropriate content. Full protection from inappropriate content cannot be guaranteed, however, we have processes to report and act on inappropriate content.</li> </ul>

	<ul style="list-style-type: none"> <li>We may access and monitor messages and files sent or saved our network, if necessary and appropriate.</li> </ul>
	<p><b>We appropriately manage and respond to online incidents</b></p> <ul style="list-style-type: none"> <li>We work to prevent, respond, and learn from issues or incidents relating to the use of digital technology, including cybersecurity incidents, cyberbullying and risks to child safety.</li> <li>We refer suspected illegal online acts to the police.</li> </ul>

## How parents and carers can help

Below are our suggestions for ways you can support your children to responsibly use digital technology.

	<p><i>Establish clear routines</i></p> <ul style="list-style-type: none"> <li><b>Talk to your child about expectations including when, where, and how digital devices can be used at home, ensuring these rules are age-appropriate and consistent. These can include:</b> <ul style="list-style-type: none"> <li>Requiring devices to be used in a common area, such as a living room or kitchen</li> <li>Setting up a specific area for charging devices overnight, away from bedrooms, to promote better sleep hygiene.</li> </ul> </li> <li><b>Be present when your child is using digital devices, especially for younger children who may not yet understand online risks.</b></li> </ul>
	<p><i>Restrict inappropriate content</i></p> <ul style="list-style-type: none"> <li><b>Use built-in parental controls on devices and apps to help manage their device access and restrict inappropriate content, including apps and websites that are not suitable for their age group.</b></li> <li><b>Consider restricting the use of non-educational apps and apps with addictive game mechanics (e.g. rewards, badges, limited exit options).</b></li> </ul>
	<p><i>Talk about online safety</i></p> <ul style="list-style-type: none"> <li><b>Talk with your child about the importance of protecting personal information and recognising online scams.</b></li> <li><b>Talk with your child about age restrictions on social media and explore other ways they can connect with their friends online and offline.</b></li> <li><b>Encourage your child to talk to you or another trusted adult if they feel unsafe online.</b></li> </ul>
	<p><i>Model responsible and balanced technology use</i></p> <ul style="list-style-type: none"> <li><b>Encourage a healthy balance between screen time and offline activities, especially outdoor unstructured play and time with friends and family, face-to-face. *</b></li> <li><b>Demonstrate responsible and balanced tech use in your own daily routine to set a good example for your child.</b></li> </ul>
	<p><i>Work with us</i></p> <ul style="list-style-type: none"> <li><b>Let your child's teacher know about concerns you have regarding their technology use</b></li> <li><b>Keep informed about what your child is learning at school, so you can help reinforce positive messages at home.</b></li> </ul>

*\*Australia's physical activity and sedentary behaviour guidelines include the following recommendations for children between 5-17 years-old regarding sedentary recreational screen time:*

- no more than 2 hours of sedentary recreational screen time per day
- avoiding screen time 1 hour before sleep
- keeping screens out of the bedroom.

## Support for parents and carers

To learn more about how to support the safe, intentional and responsible use of digital technologies at home, the eSafety Commissioner provides [resources for parents](#), and outlines available [counselling and support services](#).

## What we expect

Below are our expectations of students at Mount Egerton Primary School when using digital technologies.

### Be safe

**At Mount Egerton Primary School, we protect personal information and keep safe online.**

We do this by:

- Not sharing our password or using someone else's username or password.
- Logging out of our devices when they are not in use.
- Restricting the personal information, we post online, including images and videos.

### Be respectful

**At Mount Egerton Primary School, we are kind and show respect to others when using technology.**

We do this by:

- Acting with kindness and never bullying others online.
- Thinking about how our words might make others feel before we say or write them.
- Only taking photos or recordings of others when they are aware and have given us permission to do so.
- Seeking permission before sharing others' information online.

### Be responsible

**At Mount Egerton Primary School, we are honest, handle technology with care and follow the school rules.**

We do this by:

- Handling devices with care.
- Not interfering with devices, school systems, or other students' work.
- Not downloading or using inappropriate programs like games.
- Not using technology to cheat or steal, and always acknowledging when we use information sourced from others.
- Turning off and securely storing our mobile phone during school hours.
- Not using age-restricted social media, ex to access appropriate content that is available without an account.

- *Ensuring a healthy balance between screen time and offline activities at school.*

## Ask for help

**At Mount Egerton Primary School, we ask for help if we feel unsure or see something inappropriate.**

We do this by talking to a teacher or a trusted adult if:

- We feel uncomfortable or unsafe.
- We see others participating in unsafe, inappropriate, or hurtful online behaviour.
- We notice any damage to school technologies.
- We need help understanding about a digital tool or how it can be used.

## Support for students:

The e-safety commissioner's [eSafety kids](#) page has helpful information to help you stay safe online.

## Instructions

- Students are encouraged to speak with their parents or teachers prior to signing this agreement if they don't understand what it means, or if they have questions they would like to discuss.
- Please note very young students (Prep to Year 1), students with additional learning needs, or students facing language barriers, are not required to sign.
- Complete the agreement, including parent/carer acknowledgement and return as soon as possible.
- Completed agreements can be dropped at the office/given to your classroom teacher/uploaded and emailed to the school.

## Student Agreement

---

(Student name)

I understand and commit to uphold the expectations on me as a student at Mount Egerton Primary School when using digital technology.

I will do my best to:

- **be safe** to protect personal information and keep safe online.
- **be respectful** and kind to others when using technology.
- **be responsible** by demonstrating honesty, handling technology with care and following the school rules.
- **ask for help** if I feel unsure or see something inappropriate.

I will continue to learn about how to use digital technology in a safe and responsible way.

---

(Student's signature)

---

(Date)

## Parent/carer acknowledgement

---

(Parent/carer name)

I acknowledge your commitment and will support you to safely use and learn about digital technologies.
